LINEA CORDINO RISVOLTATO J FOLD

Papers

Duplex

Duplex paper born from the coupling of two different dough compositions that make it quite interesting under the aesthetic profile: one white and one avana side, not forgetting that also under the structural aspect, it can guarantee a better and stronger support compared to the standards avana paper. FSC® certified

Carte

Duplex

La carta Duplex nasce dall'accoppiamento di due diverse composizioni di impasto che la rendono interessante sotto il profilo estetico: un lato bianco e un lato avana, ma anche sotto l'aspetto strutturale che garantisce così un supporto maggiormente tenace e resistente della carta standard Kraft. La carta Duplex è 100% riciclata. Certificata FSC®

Custom overprinting

Can be over printed with flexo printing, silk printing and hot foil printing.

Crush

Crush is a range of eco-friendly papers made by replacing up to 15% of virgin tree pulp with the process residues of organic products. Crush papers includes by-products from grapes or olives. These natural raw materials are saved from landfill and used to make these distinctive and vivid papers. Crush is FSC™ certified, produced with EKOenergia, GMO free, contains 40% post-consumer recycled waste and resulting in a 20% reduction in carbon footprint.

Dyed Papers: Black

The processing of the dyed paper takes directly in the paper mill. This process enriches the perceived value of the paper and grants a colour uniformity both inside and outside of the bag. It prevents the white corners effect resulting from the wear of vulnerable parts.

Crush

Crush è una gamma di carte ecologiche realizzate con sottoprodotti agro-industriali che sostituiscono fino al 15% della cellulosa proveniente da albero. I residui di uva e olive sono la materia prima naturale che, salvata dalla discarica, viene utilizzata per la produzione di queste esclusive carte dall'aspetto tattile inusuale. Crush è certificata FSC, realizzata con EKOenergia, senza OGM e contiene 40% di riciclato post consumo. Utilizzando scarti agro-industriali e EKOenergia, la carbon footprint è ridotta del 20%.

Dyed Papers: Black

La colorazione della carta tinta in pasta avviene direttamente in cartiera. Oltre a rendere la carta più pregiata, conferisce un colore uniforme sia all'interno che all'esterno, evitando la formazione di angoli bianchi derivanti dall'usura della borsa.

Papers

White Kraft

White Kraft shoppers are produced with recyclable paper. The paper has high strength and is FSC® certified.

Avana Biokraft

Biokraft shoppers are produced with 100% recycled paper, made from top quality selected pulp, which provides a perfectly uniform surface and colour.

Brown Biokraft is totally recyclable, FSC® certified, compostable and humidity resistant thanks to a percentage of natural resin in its composition.

Duplex

Duplex paper born from the coupling of two different dough compositions that make it quite interesting under the aesthetic profile: one white and one avana side, not forgetting that also under the structural aspect, it can guarantee a better and stronger support compared to the standards avana paper. FSC® certified.

Colors

Printed with water inks and protective varnish.

Carte

White Kraft

Le shopper in kraft bianco sono prodotte con carta riciclabile. La carta ha un'elevata resistenza ed è un prodotto certificato FSC®.

Avana Biokraft

Le shopper biokraft sono prodotte con una carta 100% riciclata, fabbricata utilizzando maceri selezionati di altissima qualità, idonei a garantire uniformità di superficie e di colorazione. È realizzata con una percentuale di resine naturali che la rende resistente all'umidità. È un prodotto completamente riciclabile, certificato FSC® e compostabile.

Duplex

La carta Duplex nasce dall'accoppiamento di due diverse composizioni di impasto che la rendono interessante sotto il profilo estetico: un lato bianco e un lato avana, ma anche sotto l'aspetto strutturale che garantisce così un supporto maggiormente tenace e resistente della carta standard Kraft. La carta Duplex è 100% riciclata ed è certificata FSC®.

Colori

Stampate con inchiostri ad acqua e vernice di protezione.
